**Nevada Creek Drainage – Flow Chart**

Page 2b

● - indicates a dam

Nevada Creek Drainage  
Drainage Section Designations  
Section Codes

Section A: (above dam)

Nevada Creek - from Nevada Ridge (source) to U.S.G.S. gage site above Nevada Creek reservoir

Section ND: (nevada dam)

Nevada Creek reservoir - from U.S.G.S. gage site to D.N.R.C. gage site below Nevada Creek Dam

Section B: (below dam)

Nevada Creek - from D.N.R.C. gage site to below Hwy 271 (above Lincoln Slough inlet)

Section S: (spring creek area)

Nevada Creek - from Lincoln Slough inlet to discharge into Blackfoot river (not including Douglas or McElwain creek)

Section D:

Douglas Creek - all Douglas creek drainage above the inlet of Cottonwood creek

Section C:

Cottonwood Creek - all Cottonwood creek drainage thru discharge into Douglas creek

Section M:

McElwain Creek - all McElwain creek drainage thru discharge into Nevada creek

Note: "Upper Nevada Creek Drainage" consists of drainage sections A, ND, & B.

Subsection designations (for water right section codes):

- 1 - located on section main channel
- 2 - located on primary tributary of section main channel
- 3 - located on secondary tributary of section main channel

example: section code "B2" is a water right located on a primary tributary of Nevada creek section B.
